NOTES

Every event resulting in an evacuation is different! Remain flexible and pay close attention to the direction provided in the Command's Mass Notifications and directions given by Civilian Authorities where you live. In all instances, personal responsibility is required and adhering to our "Culture of Responsible Choices" is necessary. Although a direction to evacuate by a Civilian Local Authority does NOT constitute an entitlement to TAD Evacuation Allowances, orders by Civilian Local Authorities should be followed in order to ensure the safety and welfare of our Marines, Civilian Employees and Dependents

The Commander, Marine Forces Reserves' decision and subsequent order to evacuate only affects an entitlement to TAD Allowances. The Commander may AUTHORIZE (voluntary evacuation) or DIRECT (mandatory evacuation) an evacuation of the ENTIRE Command or only SPECIFIC geographic areas. Dependent upon the circumstances, an order for an authorized or directed evacuation may not be necessary; but rather the Command may determine that the conditions are such that Marines and Civilian Employees are not to report to work. This is otherwise known as "Shelter In Place" (SIP).

****ONLY the Commander, Marine Forces Reserve has the authority to Direct/
 Authorize an evacuation of personnel assigned to this area and authorize
 evacuation TAD allowances. **Directions from ANY other source are not
 valid and do NOT authorize an entitlement to evacuation TAD allowances.
 **Local Civilian Orders to Evacuate DOES NOT constitute entitlement to
 Evacuation TAD allowances.**

Evacuation TAD allowances are not payable prior to the Commander giving the actual order, so departing early may have a negative impact on your allowances. Evacuation TAD allowances are not payable while in the vicinity of the Command. When you evacuate, you must travel a distance of at least 75 miles. DO NOT return to the vicinity until directed to do so. If you return prior to the “all clear” being given and find that you are unable to reoccupy your home, you may not be entitled to Evacuation TAD allowances after returning.

TRAVEL REIMBURSEMENT

Reimbursement for travel via a privately owned vehicle (POV) is currently being paid at a rate of \$0.56 ½ per mile (**Subject to change)

Service members & civilian employees may be authorized reimbursement of mileage for no more than 2 POVs per family. Mileage is paid, based upon the distance from point to point as provided in the Defense Table of Distance (DTOD) and not necessarily the actual mileage driven.

SPLIT DISBURSEMENT

Each travel voucher submitted from a GTCC holder will ensure that all charges incurred on the GTCC are “split disbursed” directly to Citi Bank. In the event that the amount indicated for split disbursement does not pay the balances of the charges incurred, then the Installation Personnel Administration Center (IPAC), Order Writing Section and the Finance Office will adjust the amount indicated on the claim.

Any remaining reimbursement will be electronically paid to the Service member/civilian employee's direct deposit account.

Non-GTCC holders will have all reimbursement paid to the member's direct deposit account.

HOW DO I KNOW HOW MUCH I RATE?

Each fiscal year, the General Services Administration (GSA) establishes the maximum Per Diem rates payable in the continental United States. In order to view the established per diem rates for a specific area, please visit

Phase II

Begins: 72 hours prior to forecasted landfall, or CMFR may issue an order where TAD allowances are authorized.

Shelter-in-Place (SIP). During a hurricane or tropical storm threat, when a command directed evacuation order is not given, SIP is often the safest course of action for individuals who are not in a storm surge or flood-prone area. SIP means to remain in your residence or workplace during an emergency, to protect yourself and your family.

a. For personnel living on base, in base housing or in quarters, is designated as their primary shelter. Personnel will remain in their homes or quarters unless directed to report to a designated evacuation shelter by the installation commander or if the facility is extensively damaged rendering it unsafe to inhabit.

b. For personnel residing off base, their residence is designated as their primary shelter. Personnel will remain in their residence unless directed to evacuate by local civil authority or if their residence is extensively damaged rendering it unsafe to inhabit. If unable to find lodging, the local civil authorities may activate shelters in designated facilities. Monitor local radio/television stations to learn where the shelters will be and when they will open.

Receipts are required for reimbursement.

LODGING

We are aware that price gouging will take place. In order to protect our service members and civilian employees from this, we have authorized actual expenses for lodging not to exceed 150% of the max lodging rate.

You can rent an apartment or home. Ensure that you inquire about a military clause. This will protect you from having to honor the remainder of your lease upon termination of the evacuation order.

Lodging with Friends or Family

-While evacuated, if a service member, civilian employee or dependents stay with friends and/or family; although there is no effect on their entitlement to M&IE, there is NO REIMBURSEMENT for lodging. PET INFORMATION

Making plans for your family is extremely important.

Don't forget to plan for the animals in your life, too!

- The location of your evacuation destination may or may not accept pets, so call ahead and check. Animal shelters will be set up in various parts of the state on an "as-needed" basis. The Louisiana Department of Agriculture & Forestry works year round with the Louisiana State Animal Response Team (LSART) to provide sheltering opportunities. Species-specific disaster preparedness advice is available at www.lsart.org.
- Create a disaster readiness kit for your animal that includes food, water, first aid supplies, feeding supplies and other items that are necessary to keep your animal comfortable for at least 3 - 5 days.
- Remember, animal ownership is a responsibility! Be ready to take care of your whole family.

GS/NAF EMPLOYEES

What do civilian employees and their dependents rate?

The percentage of M&IE rated by a civilian employee and his/her dependents is contingent upon the length of the evacuation and the location that the employee's safe haven and designated COOP location.

EXAMPLE 1 - If an employee and family evacuates to a safe haven and the employee is then assigned "official duties" at that location, then the employee, spouse, and dependents over the age of 12 will rate full M&IE for the first 30-days, and then be reduced to 50% on the 31st day. Dependent children under the age of 12 rate 50% of the daily M&IE rate for the first 30-days, then reduced to 30% on the 31st day.

EXAMPLE 2 - If an employee and family evacuates to a safe haven and at a later date, the employee is directed to travel to a different location in order to execute "official duties," then the Employee will continue to rate the full M&IE for the duration of the time he/she is TAD to the alternate work-site. Spouse and dependents over the age of 12 will rate full M&IE for the first 30-days (regardless of location), and then reduced to 50% on the 31st day. Dependent children under the age of 12 rate 50% of the daily M&IE rate for the first 30-days, then reduced to 30% on the 31st day.

**PER DIEM / MEALS
AND INCIDENTALS (M&IE)**

M&IE is your daily allowance for meals and incidental expenses.

This rate is created by adding the local Meal Rate for your
Safe Haven / COOP location with an additional \$5.00 added for
incidental expenses.

What do I rate as a service member?

As a service member, you will rate the full rate of M&IE for the duration of the evacuation as long as you are not in the vicinity of the MARCORSPTFAC

What do service member dependents rate?

Dependent spouses rate full M&IE for the first 30-days under evacuation orders.

Dependent children over the age of 12 rate full M&IE for the first 30-days under evacuation orders.

Dependent children under the age of 12 rate 50% of M&IE for the first 30-days under evacuation orders.

***The Joint Federal Travel Regulations (JFTR) stipulates that on the 31st day under evacuation orders, dependent's entitlement to M&IE will be reduced.

On the 31st day under evacuation orders, Dependent spouse and children over the age of 12 rate 50% of the daily M&IE rate.

On the 31st day under evacuation orders, Dependent Children under the age of 12 rate 30% of the daily M&IE rate.

***NOTE THIS IS WAIVERABLE by the Under Secretary of
Defense for Personnel and Readiness.
